

The Consumer Bankers Association (CBA) is challenging Indiana's Telephone Privacy Law in a proceeding before the FCC. I absolutely oppose this weakening of the Indiana law. This would only create more unwanted and unsolicited phone calls for Indiana consumers. Please do not allow the CBA to impose the "established business relationship" exemption on Indiana consumers--I feel this would be a major step in the wrong direction and definitely sends the wrong message to those of us who specifically signed up for the "Do Not Call" list. Thank you.
